REV. #3: This is a contract extension

This is now a Multiple Award Contract. Please review Contracts MA-610 and MA-812 to select the best price. Remember to document your decision.

This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor (creating a PG in Finet) and make payments for the same on a PV referencing the original PG. Agencies will return to the vendor any invoice which reflects incorrect pricing.
